KOLAR GOLD FIELD SANITARY BOARD.

OFFICE OF THE PRESIDENT, SANITARY BOARD
KOLAR GOLD FIELD.
CHAMPION REEF.

Mb C 220/46-47 Enclosure 1 letter

Dated 23rd April 1947

10

From

The PRESIDENT, K. G. F. SANITARY BOARD,
CHAMPION REEF.

To

The Secretary to Government,
Revenue Department,
Bangalore.

Sir,

Re: the difference in ground level in connection with the Improvements to the Sanitary Board Market at Robertsonpet.

With reference to your No.I.13721 dated 9-4-1947 requesting to intimate whether the above difference in ground level was not noticed when the original plan was prepared etc, I have the honour to submit herewith for the information of Government a copy of the Assistant Engineer's report No. 638 dated 17-4-1947 on the subject. It is also to be mentioned in this connection that the spot was also inspected by Mr. C. H. Koenigsberger, Dipl, Eng, Dr Eng (Berlin) Government Architect, Chief Engineer's Office, Bangalore; and as per his suggestions, the line of the proposed alignment had to be shifted back to some distance from its original place. This shifting also appears to have added to some extent to the change in gradient.

I have the honour to be,

Sir,

Your most obedient servant,

For President.

No. 638

Office of the Assistant Engineer, K.G.F.
Sanitary Board,
Dated, Robertsonpet, the 17th April 1947.

TO

The President,
K.G.F. Sanitary Board, Champion Reefs.

SUBJECT: Improving the frontage of Robertsonpet Market.

Sir,

With reference to your No.M6.C. 220/46-47, dated 11-4-47 forwarding for report copy of letter No.13721 dated 9-4-47 from the Secretary to Government, Revenue Department, calling for certain particulars in regard to the above work, I have the honour to state that the original plan is seen to have been prepared by the Government Architect as far back as the year 1941. At that time, there existed the old structures of the market in the places where the present new frontage is proposed. This being over 400' in width and gradually falling, the difference in level from end to end was perhaps, not so markedly noticeable then, as it is now, after the old structures are removed and the area levelled. Further, it is also possible that the original plan might have been prepared on the basis of an ordinary site plan furnished by the Sanitary Board Office then. However, no information is available in this office records, as to how exactly the difference in ground level was not noticed in the begining itself.

The general elevation of the building is not in any way altered by suitably negotiating the present difference in ground level as previously reported.

I have the honour to be,
Sir,
Your most obedient servant

sd/-G. Sampath
Assistant Engineer, K.G.F.
Sanitary Board.

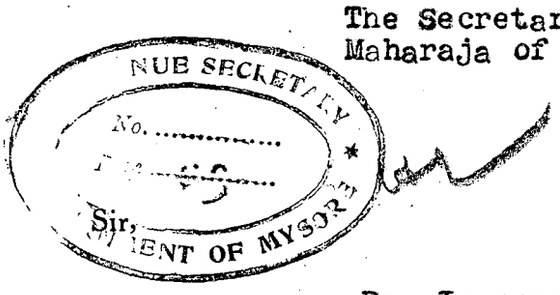
From
The PRESIDENT, K. G. F. SANITARY BOARD,
CHAMPION REEF.

To
The Secretary to the Government of His Highness the Maharaja of Mysore, Revenue Department,
Bangalore.



Sir,

Re: Improvements to the Sanitary Board Market at Robertsonpet.

****

Adverting to Government Order No. L. 14511-4/ L. B. 66-45-4 dated 26th June 1946, sanctioning inter alia, the revised estimate for Rs. 71,020/- for improvements to the Sanitary Board market at Robertsonpet, I have the honour to state that the work has been put in hand and is under progress. On the report of the Assistant Engineer of the Board stating that the basement of the proposed building is shown as 1½' above ground level uniformly throughout, perhaps assuming a level ground, that from actual levels taken of the road from one end to the other, it is seen that there is a difference of nearly 6' and that this will have to be suitably negotiated, the Board have approved of his proposal to keep the terrace levels in each wing the same and to give a series of steps in the basement, the heights of pillars being kept the same throughout and only low entablature walls being built over the bressemer coming on top of pillars to make up the difference in basement . A copy of the Board's resolution on the subject is submitted herewith for the information of Government. If after the work progresses further, it would involve large deviations requiring sanction of Government, I shall approach Government for sanction.

I have the honour to be,
Sir,
your most obedient servant,

PRESIDENT.

Proceedings of the 4th Ordinary meeting (1946-47) of the K.G.F.Sanitary Board held in the Sanitary Board Office on Friday the 21st February 1947 at 4 P.M.

PRESENT.

Programme of Works.

Sanctions the —— to be carried out by the Kolar Gold Field Sanitary Board in two years commencing from the year 1944-45, and the grant of a loan of rupees one lakh by the Government to the Board, to bear their share of cost.

READ—

Correspondence ending with letter No. C. 22—44-45, dated 22nd October 1944, from the President, Kolar Gold Field Sanitary Board, requesting sanction to (1) the tentative programme of works to be carried out by the Board in two years commencing from the year 1944-45, (2) the employment of the necessary establishment for the execution of the works, and (3) the grant of a loan to the Board of rupees one lakh by Government, carrying interest at 4½ per cent per annum.

2. Government Order No. L. 5447—L. B. 33-44-15, dated 5th December 1944, approving tentatively the provisional programme of works for two years and requesting the Chief Engineer to post the necessary establishment.

3. Un-official Note No. 221—Clad., dated 19th December 1944, from the Comptroller in regard to the financial condition of the Board and the repayment of the loan with interest, etc.

4. Government Order No. L. B. 20-44-18, dated 1st February 1945, approving the posting of a Draftsman on Rs. 55—5—80 and two clerks on Rs. 50—4—70 and Rs. 30—3—45 each per mensem to the Kolar Gold Field Sanitary Board, in lieu of the fixed pay sanctioned for these posts.

5. Correspondence ending with letter No. Ml. C. 22—44-45, dated 25th February 1945, from the President, Kolar Gold Field Sanitary Board, stating that the Board have no objection to the posting of an Assistant Engineer on Rs. 200—40/2—400 and a Sub-overseer on Rs. 35—5/2—80 plus Rs. 10 Conveyance Allowance per mensem, in lieu of fixed pay sanctioned for these posts.

ORDER No. L. 9276-82—L. B. 33-44-19, DATED BANGALORE, THE 16TH MARCH 1945.

A provision of two lakhs of rupees has been made in the State Budget for the year 1944-45 for Improvement Works in the Kolar Gold Fields Sanitary Board and the Board were requested to forward a programme of works to be taken up in the area.

2. The Board have accordingly submitted a programme of works to be executed in two years costing Rs. 2,66,667 for each year or Rs. 5,33,334 for two years. The expenditure in question is proposed to be met by the Government and the Board in the proportion of three to one. The Board have agreed to pay a sum of Rs. 33,334 only for the present out of the closing balance of the Board towards their share of cost. As they are not in a position to finance the balance, they have requested for the grant of a loan of rupees one lakh from the Government, carrying interest at 4½ per cent per annum and subject to repayment in ten annual instalments.

3. After a careful consideration of the proposals, Government are pleased to approve the programme of works as appended to this order with the modification that the provision of Rs. 50,000 made therein for the shifting of the Epidemic Diseases Hospital be deleted. The total cost of the works would be Rs. 4,83,334. Priority should be given to the several works in the order of urgency. The Government share of the cost of the above works amounts to Rs. 3,62,500 and out of this, a sum of rupees two lakhs will be met during the current year out of the provision made therefor in the State Budget. Provision for the balance will be made in the State Budget for 1945-46.

No. L. 9276-82—L. B. 33-44-19, DATED 16TH MARCH 1945.

ANNEXURE.

REVENUE SECRETARY No. 10/9 Date ... VERNMENT OF MYSORE

Sir,

Re: Forming a new lay-out in front of the Market at Robertsonpet, K. G. F.

Adverting to correspondence ending with your letter No. L. B. 226 dated 23rd January 1948 on the above subject, I have the honour to state that in view of the instructions issued by the Chief Minister during his visit to the Field in April 1948, the Bus stand is proposed to be located opposite to the Robertsonpet Market. The necessary estimate and plan have been got prepared and will be submitted to Government separately after obtaining the approval of the Board at the next meeting. In fact, the Bus Stand has already been shifted to the said place pending further action to construct the Bus Shelter, compound wall etc., In view of this, the lay-out of the area in the manner previously proposed in this office letter of even No. dated 25th September 1947 presents some practical difficulties and will not be useful. Hence, I request that the ~~proposal~~ previous lay out may be kindly treated as dropped.

I have the honour to be,
Sir,
your most obedient servant,

PRESIDENT.

Bangalore.

REVENUE SECTION No. 3019

Sir.

Forming a new lay-out in front of the Market at Robertsonpet.

I have the honour to state that the work relating to improvements to the front portion of the Sanitary Board Market at Robertsonpet sanctioned by Government at an estimated cost of Rs. 71,020/- is under progress. Traffic in front of the market is very heavy and it is necessary to construct an island in the centre of the road in front of the market and to provide for one-way traffic. It is likewise necessary to improve the appearance of this area consistently with the improvements that are being effected to the front portion of the market. The Sanitary Board have therefore sanctioned the estimate submitted by the Assistant Engineer of the Board for Rs. 8,000/- for forming a new lay-out, the cost on this account being met out of the provision of Rs. 25,000/- made in the K. G. F. Improvement Fund for the construction of a Bus stand and for improving the oval near the Robertsonpet market. The estimate and plan are enclosed together with a copy of the Board's resolution on the subject for reference.

As the work is a very necessary one and as it will have to be completed before the Market work is completed, I request that sanction may be kindly accorded to the Board's resolution in this behalf at an early date.

I have the honour to be,
Sir,
your most obedient servant,

PRESIDENT.

REPORT TO ACCOMPANY THE ESTIMATE FOR FORMING A NEW LAYOUT IN FRONT OF ROBERTSONPET MARKET.

The Government Architect has furnished a layout in front of the Market in Robertsonpet providing roads for one way traffic with a central island and footpaths at either sides to befit the frontage of the Market. In conformity with this layput, the present estimate is got up.

The estimate provides for forming footpaths and central island with necessary curbing etc. A special feature of the estimate is that as against the usual 3" curbing found every where, provision is made for fixing finely dressed flat curbs with granite slabs 9" in width and 6" in thickness. This looks very elegant and befits the improved frontage of the Market. Secondly, the foot-path infront of the Market is proposed to be paved with cement concrete as this portion will be largely used by pedestrians.

The present road forms one of the roads in the new lay out and provision is therefore made in the estimate for forming the other roads with necessary boulder soling and metalling on top. Provision is also made for painting the new roads as well as the existing roads with Bituman Emulsion. For the area to be allotted for Jatka Stand, unsize stone paving is provided in the estimate.

The estimate amounts to Rs8000/- The rates are as per schedule and also prevailing locally. There is a provision of Rs 25,000/- in the Second Stage Of The Improvement Programme for constructing a concrete Bus Stand and forming a new lay out in front of the Market in Robertsonpet. The cost of the present estimate will have to be met from the above provision. The estimate may kindly be sanctioned early.
